

Irristand

Irristand is perfect for low flow 1/2" sprinklers such as the Wetta 8022. It provides an effective, portable and low cost solution to irrigating your crops. Particularly useful on strawberries, leased land, turf farms and temporary cropping. Can be laid out and retrieved with ease.

Irristand Features:

- Barb and Take off connector for easy installation
- Suitable for 1/2" Female thread sprinklers
- 1.3m PVC pipe length
- 1m stake
- Punch tools available
